MASTER OF BUSINESS ADMINISTRATION
(SUPPLY CHAIN MANAGEMENT)

COURSE BROCHURE (2026-27)

INTRODUCTION

Mangalayatan Online offers an MBA Plus (Supply Chain Management) program designed by expert educators with industry-relevant skills. The semester curriculum is designed with advanced management subjects to cultivate students' management skills and leadership skills that are required to excel in competitive work environments. The program focuses on building analytical and problem-solving acumen to build students decision making abilities and get industry insight with case studies incorporated in the semester syllabus.

Through interactive learning modules, strengthening management fundamentals, and shaping the leadership qualities with effective expert-curated learning resources available on the Learning Management System (LMS). The course curriculum focuses on planning, implementation, and control of operational activities to supply goods to end clients. The semester modules focus on logistics, procurement, inventory management, and operations to ensure efficiency at domestic and global markets.

MISSION:

- To encourage students to understand the competent supply chain management techniques and cultivate strong analytical, operational, and strategic skills.
- To enhance students' networking abilities to contribute thier role in sustainable and efficient business operations.

OBJECTIVES:

The prime focus of the online MBA (Supply Chain Management) is to enable quality learning resources to students covering the core business concepts, and in-depth knowledge of supply chain management and logistics systems. The program includes inventory control, warehousing, and transportation management. To enable students to analyze and optimize supply chain performance and promote understanding to global supply chain and sustainable practices.

INSTRUCTIONAL DESIGN

The programme is segmented into four semesters, and the minimum credit requirement is 84 to get an MBA in Supply Chain Management degree from Mangalayatan Online. The minimum time period to complete the MBA in Supply Chain Management degree programme will be two years, and the maximum time period (extended) is three years to pursue the online MBA (Supply Chain Management) degree.
